AGM - Introduction

- Good morning ladies and gentlemen, I am Jason Entwistle, the Non-Executive Deputy Chairman of your company, Investorfirst and I will Chair today's meeting.
- On behalf of your board, I'd like to welcome you all to our Annual General Meeting (AGM) for Investorfirst Limited.
- Our Company Secretary, Ms. Andrea Steele has confirmed that a quorum is present, and hence I formally declare this Meeting open.
- Sitting before you today is the Board of your Company. Starting from my right is Darren Pettiona, Robert Spano, Robert Bishop, Kim Hogan and Hugh Robertson. Otto Buttula asked me to extend his apologies for not being able to join us today due to commitments overseas.
- Seated amongst us, we also have various members of our executive management and I take this opportunity to welcome them and thank them for their support and efforts as we continue to grow the business. Welcome also to Ms. Clare Sporle from Ernst & Young, our outgoing auditor who today hands over to Adam Beale and Paul Bull of PKF.

AGM - Introduction (cont'd)

- The Notice for this AGM was mailed to shareholders on 27 October 2011 and I propose that this and the accompanying Explanatory Memorandum be taken as read.
- There are two items of business on today's agenda. These are:
 1. To receive and consider Investorfirst's Financial Report, the Director's Report and Auditor's Report for the year ended 30 June 2011; and
 2. To consider the seven (7) Resolutions put before this meeting, which include:
 - 1) The Remuneration Report for the year ended 30 June 2011;
 - 2) Approving the re-election of Mr. Robert Spano as a Director of the Company;
 - 3) Approving the election of Mr. Jason Entwistle as a Director of the Company;
 - 4) Approving the election of Mr. Hugh Robertson as a Director of the Company;
 - 5) Approving the Appointment of Auditor;
 - 6) Approving the Investorfirst Share Option Plan; and
 - 7) Approving the Investorfirst Share Ownership Trust.

Financial Report for year ended 30 June 2011

To receive and consider Investorfirst's financial report, Director's and Auditor's report for the year ended 30 June 2011.

Investorfirst incurred a consolidated net loss after income tax for the year ended 30 June 2011 of \$4,451,241, after recognising all non-recurring items and provisions.

The increased loss over the year, whilst always disappointing to report, is broadly in line with the Company's strategic plan and has been brought about by the Company's expansion into new areas of business, which are designed to bring about medium to longer term shareholder wealth.

To this end, the business is expected to become much less reliant on variable stock market volumes and associated brokerage revenues, through building a growing suite of asset based annuity income streams, which carry a corresponding higher valuation by investors.

Although, the Company has been listed since 2007, this proven business model remains in its infancy in regard to Investorfirst and hence we expect to incur further charges before it develops into a profitable business activity. Despite this impost, the Board, founders and management remain committed to bringing your Company to profit as soon as practicable and remain well aligned with shareholder interests holding some 50% of the Company's shares.

Notwithstanding this, the primary focus moving into FY'12 and beyond will be to build the revenue base, consolidate and refine the existing business model and cost base and build a Company capable of recording sustainable profits.

I would like to invite any questions should you have any that relate to the Report. Any questions?
Thank you. I now consider the Report adopted.

Proxy results – Resolution 1

RESOLUTION 1: Remuneration Report.

To consider and, if thought fit, to pass the following non-binding resolution:

“That the Remuneration Report be adopted.”

Section 250R of the Corporations Act requires a publicly listed company to put a resolution to shareholders to adopt the company’s Remuneration Report. The vote on this resolution is advisory only and does not bind the Directors or the company.

The Remuneration Report can be found at pages 9 to 15 of the Annual Report for the year ended 30 June 2010. It sets out Investorfirst’s remuneration policy and the remuneration arrangements for the Key Management Personnel.

The Group’s remuneration structure is designed to align executive and shareholder interests, retain talent and support long term value creation by providing employees with competitive remuneration and valuable rewards for outstanding performance. Also, as is clearly evident, your Company, given the infancy of its business model and the large equity interests of management, remunerates at levels below that of many of its peer group.

Proxy results – Resolution 1 (cont'd)

In the following year, if at least 25% of the votes cast on the resolution that the Remuneration Report be adopted are against adoption, shareholders will then vote to determine whether the Directors, excluding the CEO, will need to stand for re-election. If more than 50% of the votes cast on the resolution are in favour, a separate re-election meeting must be held within 90 days.

Before I put the motion, I would like to invite questions from shareholders, should there be any. With regard to this motion, I hold the following proxies:

This change in auditors follows an internal review by the Company of the provision of its audit and ancillary services.

The appointment of EY is valid until the resolution to appoint PKF placed before shareholders at this annual general meeting.

Further comments on this appointment can be found on pages 10 & 11 of the Explanatory Memorandum. Also, in accordance with section 328B(3) of the Corporations Act, a copy of the notice of nomination of Auditor accompanied the Notice of Meeting.

The Company proposes to adopt an employee share option plan to be called the Investorfirst Share Option Plan (Plan), pursuant to which the Company can issue options over ordinary shares (Options) to eligible employees, contractors and salaried (executive) directors of the Company (Eligible Persons) to provide them with an incentive to deliver growth and value to shareholders, and to provide the Company with the ability to attract and retain such people.

The Company also proposes to adopt an employee share ownership plan to be called the Investorfirst Share Ownership Trust (Trust). Under the terms of the Trust the Company can procure the transfer or issue of ordinary shares in the Company to a corporate trustee (FirstFunds Limited) (Trustee) which is a wholly owned subsidiary of the Company, which will hold such shares on behalf of Eligible Persons on the terms of the Trust, in order to provide them with an incentive to deliver growth and value to shareholders, and to provide the Company with the ability to attract and retain such people. The Company will also have the ability to provide funding to the Trust to enable the Trust to purchase shares on market in order to satisfy its obligations to hold shares on behalf of Eligible Persons.

The Company proposes to establish the Trust in addition to the Plan to provide the Company with the flexibility from time to time to issue shares to the Trust or to procure the transfer of shares in the Company from third parties to the Trust, or to provide funding for the Trust to buy shares in the Company on market for the benefit of Eligible Persons (as opposed to issuing Options to such persons under the Plan) so as not to dilute the issued capital of the Company held by the shareholders.

FY'12 Trading Outlook

- **Operating losses continue to be recorded**
 - As stated when the Company acquired HUB24 in December 2010, the Company will record ongoing losses until full commercialisation of the HUB24 platform is achieved.
- **Projects have been accelerated**
 - Given the strong balance sheet and ability to fund, management have accelerated product initiatives in Superannuation, Pension, SMSF, Insurance and Online Broking.
 - Whilst this is expected to provide strong medium term revenues, the development and professional ancillary costs incurred have been brought forward to the current FY'12 period.
- **Operating revenues in stockbroking down sharply**
 - Stockbroking revenues have been particularly soft in the first half, given volatile world stock markets, minimal corporate activity, the closure of the Alert Trader business and the cessation of a (non-profitable, yet high revenue) wholesale broking contract.
- **Operating revenues in HUB24 up significantly, albeit off a very low base**
 - Consistent growth in funds under administration is being achieved and the outlook is exciting with recent contract signings.
 - Ongoing negotiations taking place with several large cornerstone clients, whom may seek a strategic shareholding in Investorfirst.

FY'12 Trading Outlook (cont'd)

- **Current initiatives being undertaken to improve performance**
 - Strong pipeline of contract signings in HUB24;
 - The roll-out of additional products / services i.e., Super, Pension, SMSF, Insurance and online broking;

 - 2HFY'12 cost reductions across the 'whole of business', as accelerated investment program matures and business infrastructure costs are reviewed;
 - Staff hiring 'freeze', except for revenue generation staff; and
 - Further cost control and expense accountability.
- **Corporate M&A Activity ongoing**
 - In addition to ongoing outside analysis of opportunities which will augment or accelerate profitability, the Company has been approached by a strategic investor / supporter and discussions remain on foot.
