

ASX Release: 15 April 2025

Platform delivers record Q3 net inflows of \$4.9 billion

Q3 FY25 Highlights

- Record Q3 Platform net inflows of \$4.9 billion (up 39% on pcg) including a large migration of \$1.3 billion
- Total Funds Under Administration (FUA) reached \$124.1 billion as at 31 March 2025 (up 24% on pcg), comprising Platform FUA of \$102.5 billion (up 29% on pcg) and Portfolio, Administration and Reporting Services (PARS) FUA of \$21.6 billion (up 6% on pcg)
- HUB24 Platform ranked first for quarterly and annual net inflows¹
- HUB24 awarded Best Overall Platform, Best Platform Managed Accounts Functionality, Best Product Offering, Best Online Business Management, Best Decision Support Tools, and Most Improved Platform in the Investment Trends Platform Competitive Analysis and Benchmarking Report²
- HUB24 Discover significantly enhanced with five new portfolio managers added in April
- Class achieved largest quarterly increase in accounts in over six years³

Platform net inflows and FUA

HUB24 delivered strong growth in Q3 FY25, with Platform FUA increasing 4% over the quarter to \$102.5 billion as at 31 March 2025 (up 29% on pcg). This was driven by quarterly net inflows of \$4.9 billion (up 39% on pcg) which offset negative market movements of \$1.3 billion.

Excluding the \$1.3 billion large migration from ClearView WealthFoundations to HUB24 Super during the quarter, net inflows in Q3 FY25 were \$3.6 billion (up 33% on pcg), a record for a third quarter.⁴

During the quarter, 28 new distribution agreements were signed and the total number of advisers using the platform increased by 129 to 5,015 (up 14% on pcg). Approximately half of the increase in advisers during the quarter was a result of the ClearView migration.

In the latest available Plan for Life data, HUB24 ranked first for quarterly and annual net inflows and had the largest quarterly and annual market share gains of all platform providers. HUB24's market share increased to 8.3% as at 31 December 2024 (up from 7.0% as at 31 December 2023) and is ranked seventh overall.¹

Planning for the remaining Equity Trustees (EQT) migrations continues with approximately \$0.9 billion expected to be migrated in Q4 FY25, bringing the total EQT migrations over FY24 and FY25 to approximately \$5 billion.⁵

Recent market volatility has continued into April 2025. This has the potential to impact FUA, which is not fully correlated to equity markets due to the mix of client assets and trading behaviour on the platform. Whilst advisers are focussed on supporting their clients through this period, to date there has not been a shift in momentum of net inflows.

Whilst acknowledging the market volatility, our business is resilient and operates in structurally growing markets, where there is strong demand for financial advice underpinned by demographic shifts and a government mandated superannuation system. Our innovative, market-leading products and solutions, customer service excellence and customer relationships provide us with a strong pipeline of opportunities which gives us confidence in our growth outlook.

PARS FUA

At 31 March 2025, PARS FUA was \$21.6 billion (up 6% on pcq) with the number of PARS accounts at 8,689 (up 4% on pcq).

Business update

HUB24

In recognition of our continued investment in delivering innovative products and solutions, HUB24 was awarded Best Overall Platform for the third year in a row, Best Platform Managed Accounts Functionality (which HUB24 has won in eight of the last nine years), Best Product Offering, Best Online Business Management, Best Decision Support Tools, and Most Improved Platform in the Investment Trends Platform Competitive Analysis and Benchmarking Report.²

Additionally, in the recent 2025 Investment Trends Managed Accounts Report, HUB24 was ranked by advisers as first for Overall Satisfaction and Innovation and equal first for Good Communication.

During the quarter, HUB24's advice fee consent capability, which was recently recognised as the 'most impactful new enhancement' for advisers, was updated to allow the option to include or exclude advice fees on a range of investments, providing advisers with greater flexibility in tailoring fee arrangements.⁶

From early April 2025, advisers and clients will have greater flexibility to manage cash payments with the introduction of convenient and secure client authorised bill payments (BPAY Out) and the removal of the minimum withdrawal amount.

In early April, HUB24 launched significant enhancements to its Discover offer, providing advisers and their clients with greater choice and flexibility. This includes the addition of five new portfolio managers, nearly doubling the number of managed portfolio options to 66. Since its launch in November 2023, Discover has been well-received by advisers and their clients, with FUA growing to \$1.7 billion as of 31 March 2025, including the migration from ClearView WealthFoundations.

Class

During Q3 FY25, Class continued to introduce enhancements to drive productivity and value for accountants and auditors, launching additional property title search and residential property valuation integrations.

Following the integration of share registry data feeds in August 2024, market-first integration with Automic Group was introduced in early April 2025, extending share registry data coverage to approximately 97% of ASX-listed companies.
